

# Electrolyzers

## MODELS

**KLOROGEN<sup>®</sup> 50**

**KLOROGEN<sup>®</sup> 100**

**KLOROGEN<sup>®</sup> 200**

## ADVANTAGES

- Easy to Assemble
- Easy to Clean
- Easy to Maintain
- Trouble Free Operation
- TiTaN's world renowned **ATMA<sup>™</sup>** coating
- Unlimited warranty for 1 year

TiTaN offers **KLOROGEN<sup>®</sup>** series Electrolyzer for hypochlorite generating system to international standards.

## Titanium Tantalum Products Limited

Estd. In 1981

ISO 9001 - 2008 Certified

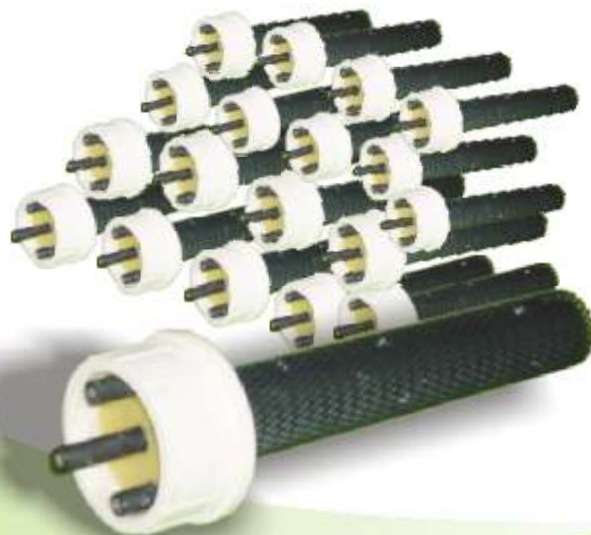

U, U2 & R Stamp Approved

**ELECTROLYZER** BATCH FOR **CHLORINATION SYSTEM**

### REPLACEMENT CELLS

TiTaN's **KLOROGEN<sup>®</sup>** series offers a unique design enabling easy electrode removal for maintenance and also for replacement. TiTaN's electrodes with **ATMA<sup>™</sup>** coatings are a ideal replacement for existing systems with life in excess of five years .
